Information 8:00 AM to 4:30 PM EST M-F

Phone 1-812-284-2548

1-800-356-0860

Fax 1-812-288-7766

24 Hour Emergency: Local Poison Control Center

2. COMPOSITION AND INFORMATION ON INGREDIENTS

Hazardous Components:

The active agent, with which this cloth is treated, is not hazardous and is a proprietary composition without hazardous ingredients. The cloth is made of cotton flannel.

No ingredient is contained which would be listed in Article 12, Directive 88/379/EEC.

Volatile Organic Compounds (V.O.C.): 0.00 g/kg (none)

3. HAZARDS IDENTIFICATION

Emergency Overview: Non-hazardous, cloth. The cloth may come in a variety of colors.

Potential Health Effects:

No known dermatological or sensitization issues have arisen with this product.

Eyes: May cause mild irritation in rare cases of individuals with sensitivity, especially if rubbed in eyes.

Skin: May cause mild irritation in individuals with a history of dermatological problems.

Inhalation: Inhalation is difficult, if dust or lint is inhaled, clear passageways with tissue.

Ingestion: Cannot be ingested by accident. Cloth should not be chewed by anyone, especially not an infant or pet. Could be a choking hazard. (S2) Keep out of reach of children.

Risk phrases: none

Signal word: none

4. FIRST AID MEASURES

Eyes: If cloth lint or dust gets in eyes, flush gently with potable water for 10-15 minutes. If redness persists, see a physician or ophthalmologist.

Skin: Wash skin with water and, if necessary, a mild dermatological soap. If redness develops seek a physician or dermatologist. May apply: (S26) In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Inhalation: Cloth is too large to be inhaled. If dust or lint is inhaled, clear passageways with tissue

Ingestion: Contact physician immediately, especially if an infant is involved.

Keep small parts away from children and pets. (S2)

5. FIRE FIGHTING MEASURES

Flash point: >212 F, as with cotton. (Made of cotton flannel).

Extinguishing media: Whatever surrounding fire requires.

Special fire fighting procedures: As with any cloth

Fire and explosion hazard: none.

Combustion products: steam (water) and carbon dioxide.

6. ACCIDENTAL RELEASE MEASURES

Dispose of in a sanitary manner. Packaging may be recyclable in your area.

7. HANDLING AND STORAGE

Keep stored in a cool, dry place. (S2) Keep out of reach of children. Cloth is not washable, as this will wash off the small amount of active ingredient.

8. EXPOSURE CONTROL AND PERSONSAL PROTECTION

As a convenience, gloves can be worn, but not necessary. Some blackness may occur when metal or jewelry is rubbed. This may not wash out of some fabrics. (Cloth is not washable.)

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: cloth (color varies) and may be in rolls, sheets, or swatches, Can be packaged in corrugated, polybag, carton, or envelope, or customized by other means.

Odor: none.

Specific gravity: N/A

Boiling point: N/A

Freeze point: N/A

Solubility in water: not recommended

pH: N/A

VOC's: none

(Nutrient value: non-existent. Not created for ingestion. Choking hazard.)

10. STABILITY AND REACTIVITY

Stable.

Inert, but do not wash, boil or freeze as this may render the special treatment on the cloth ineffective. Do not mix with any other chemical or cleaning material as this will render the product ineffective and may damage your jewelry. May apply: (S30) Never add water to this product.

This cloth is not recommended for use on soft gems such as pearls, opals, coral, lapis lazuli, turquoise, malachite, ivory, or on 24 karat gold or on lacquered or laminated surfaces. It is not recommended for jewelry containing porous leather. Always follow jewelry and watch manufacturer's instructions.

11. TOXICOLOGICAL INFORMATION

No toxicological data has been generated for this material. It is not known to be toxic and not hazardous. It contains no ingredients which are known to be detrimental.

Carcinogens: None known, none listed by OSHA, IARC, or other agencies.

Chronic: None known. No health effects from long term exposure have been noted.

Acute Values: None have been reported, or known.

12. ECOLOGICAL INFORMATION

This product is cotton. It does not easily degrade. It will remain in the environmental or ecological area indefinitely. Use according to instructions. Dispose of in a sanitary and responsible manner. It contains no ingredients which are known to be detrimental. It is primarily a weave or blend of polyester and polyamide.

Aquatic toxicity: None known. The cloth is cotton and may remain in aquatic environments for an extended time and thus may interfere with aquatic life forms. Do not discard except in normal trash receptacles. Do not discard to environment.

Terrestrial toxicity: None known. Cloth may remain in terrestrial environments for a significant time period. Do not discard except in normal trash receptacles. Do not discard to environment.

Degradability: Not easily degradable. Dispose of responsibly.

13. DISPOSAL CONSIDERATIONS

Packaging may be recyclable in your area. Do not recycle cloth, do not wash. Dispose of in a sanitary manner.

14. TRANSPORT INFORMATION

See bill of lading for appropriate DOT regulations. No special requirements.

UN code: none

Harmonized code: 5515.12.0090

15. REGULATORY INFORMATION

This product is not regulated and is not known to be toxic.

16.
OTHER INFORMATION

Refer to the product label for instructions, cautions and directions. Some "S" phrases are listed for reference in sections above. This MSDS is written to the best knowledge and practices known to the manufacturer. Directives consulted: 88/379/EEC; 67/548/EEC; 79/831/EEC; 29 CFR 1910; 30 CFR 47 sub F; 40 CFR 370 and others.
